Young Researchers Conference

Energy Efficiency & Biomass

1 – 2 March 2017

- The Young Researchers Conference is held in the context of the World Sustainable Energy Days. With more than 700 participants from over 57 countries each year, the World Sustainable Energy Days are one of Europe's largest annual conferences on sustainable energy.
- Linked to the main topics of the WSED17, this conference focuses on biomass and on energy efficiency.
- The 2 best contributions are honoured with the awards "Best Young Researcher: Energy Efficiency" and "Best Young Researcher: Biomass". The researchers receive 1,000 Euro each as prize money.

We look forward to your contributions!
