European Pellet Conference 2018

28 February – 1 March 2018
WELS, AUSTRIA

*The largest annual
pellet event worldwide*

www.Pellets18.eu

With more than 500 participants every year, the European Pellet Conference in Wels is the largest annual pellet event in the world!

The European Pellet Conference offers a unique combination of events:

The event is part of the annual "World Sustainable Energy Days" conference, organised by the ÖÖ Energiesparverband, the energy agency of Upper Austria. Upper Austria is an ideal location for such a conference: more than 25 % of all automatic biomass boilers sold in the EU are manufactured by Upper Austrian companies and pellet heating systems have become a standard solution in the region.
