World Sustainable Energy Days

2 - 4 March 2022
Wels, Austria

2022:
Energy transition - full speed ahead!

Conferences:
European Energy Efficiency Conference
European Pellet Conference
Industrial Energy Efficiency Conference
Innovation Workshops
Smart E-Mobility Conference
Young Energy Researchers Conference

www.wsed.at
2022: Energy transition - full speed ahead!

The new "Fit for 55" package aims to put the EU on track towards climate neutrality. Energy accounts for 75% of GHG emissions. Speeding up the energy transition is critical!

In 2022, the World Sustainable Energy Days (WSED) present the far-reaching transformation of policies, technologies and markets and how to raise the pace of change. The WSED are a leading annual conference on the energy transition and climate neutrality with more than 650 participants from over 60 countries.

- 6 dedicated conferences
- a major sustainable energy tradeshow (over 800 exhibitors)
- technical site visits
- networking with energy transition businesses, policy makers and researchers

Programme overview

**European Energy Efficiency Conference**
Fit for 55 • New EU Directives • EE Markets •
Includes the conferences: Energy Efficiency Policy, Industrial Energy Efficiency,
Smart E-Mobility and Innovation Workshops

**European Pellet Conference**
The world’s largest annual conference on
pellets with a focus on technologies, markets,
policies and financing

**Young Energy Researchers Conference**
Presenting the work of young energy researchers • Best Young Energy Researcher Awards

**Technical site visits**
Pellets and wood chips (1 March) • Energy Efficiency (4 March)

**Poster Presentation**
Displaying energy projects, products and EU project results to
international experts

**Tradeshow (Energiesparmesse)**
Leading tradeshow on renewable energy and energy efficiency with
100,000 visitors and 800 exhibiting companies

**NEW in 2022**
- Fit for 55
- Speeding up the energy transition
- The new EU directives
- Energy Communities
- Innovation Talks
- Meet2Talk
- Career Point

2022: Energy transition - full speed ahead!
Call for Papers and Speakers

You are warmly invited to get involved in the programme:

Call for Papers • Call Young Energy Researchers • Propose a speaker

- energy transition, climate neutrality
- energy efficiency, renewable energy
- solutions for buildings, industry, e-mobility
- pellets
- sustainable energy research, technologies, programmes, markets and policies
- products, services, business models

**Deadline: 12 October 2021**

Further details: www.wsed.at/call

We look forward to receiving your contributions!

**Conference fees**

<table>

For student fees see www.wsed.at
All fees plus 10 % VAT

**Conference languages**

English, German (simultaneous interpretation)

With the World Sustainable Energy Days, Upper Austria is the meeting place for the energy transition. Europe has set itself the ambitious target of becoming the first climate-neutral continent. We present and discuss solutions to practically implement the Green Deal. With highly-efficient and renewable energy systems, we will achieve economic growth, create new jobs and make the energy transition happen!

Markus Achleitner, Regional Minister for Economy and Energy, Upper Austria

Organiser and conference office
OO Energiesparverband | Landstrasse 45, 4020 Linz, Austria | Tel. +43/732/7720-14386
office@esv.or.at | www.esv-en.at | www.wsed.at | ZVR171568947 | ATU 39283707
What do we offer?

In just 3 days, you will benefit from a comprehensive package:

- 6 dedicated conferences, including the European Energy Efficiency Policy Conference, European Pellet Conference, Industrial Energy Efficiency Conference and Smart E-Mobility Conference
- hands-on experience through technical site visits to innovative energy projects
- a major tradeshow on building efficiency and renewable energy with 800 exhibitors
- new business opportunities
- valuable networking possibilities
- Austrian hospitality!

Our audience: the entire energy transition world!

- business actors engaged in the energy transition: technology and equipment companies, energy companies, service providers, planners, developers, financing community etc.
- the energy research community
- public body representatives (e.g. EU institutions, national, regional and local governments, energy agencies)
- over 650 experts from more than 60 countries!

Upper Austria - a leader in the clean energy transition

Upper Austria, one of Austria's nine regions, is a leader in the energy transition, making the region an ideal location for this conference. Through significant increases in energy efficiency and renewable energy, greenhouse gas emissions from buildings were reduced by 39% in 10 years. 60% of all space heating and 31% of the primary energy in Upper Austria already come from renewables. Over 2.5 billion Euro are invested annually in the energy transition.
World Sustainable Energy Days 2022

Date
2 - 4 March 2022

Venue
Stadthalle Wels, Pollheimerstrasse 1
4600 Wels, Austria
