

World Sustainable Energy Days 2027

2 – 5 March 2027
Wels, Austria

ENERGY TRANSITION:

- ✓ AFFORDABLE
- ✓ SECURE
- ✓ SUSTAINABLE

**6 dedicated
conferences**

**30+ networking
hours**

**1 large
tradeshow**

Conferences:

- European Pellet Conference
- Energy Efficiency Policy
- Industrial Energy Transition
- Smart E-Mobility
- One-Stop Shops
- Young Energy Researchers

World Sustainable Energy Days 2027

Energy Transition: Affordable. Secure. Sustainable.

6 dedicated conferences

major sustainable energy tradeshow (2026: 82,000 visitors)

30+ networking hours

Across Europe, we must keep energy affordable, meet our climate goals and reduce our dependence on energy imports. The energy transition is the fastest, most cost-effective and lowest-risk way to achieve all three.

Join businesses, public bodies, researchers and many other experts and decision makers at the World Sustainable Energy Days 2027 for the latest on policies, technologies and practical solutions for an affordable, secure and sustainable energy future. The annual World Sustainable Energy Days (WSED) are a leading conference bringing together over 650 participants from more than 60 countries.

650+ participants

60 countries

80+ speakers

Timetable of the WSED

	Tuesday 2 March	Wednesday 3 March	Thursday 4 March	Friday 5 March
European Pellet Conference				
European Energy Efficiency Conference				
Energy Efficiency Policy Conference				
Industrial Energy Transition Conference				
One-Stop Shops Workshop				
Young Energy Efficiency Researchers Conference				
Young Biomass Researchers Conference				
Smart E-Mobility Conference				
Tradeshow				
Poster Presentation				

PROGRAMME OVERVIEW

DON'T MISS OUT!

- Policy Update
- Affordable and secure energy
- Energy storage and flexibility

European Pellet Conference

The world's largest annual conference on pellets with a focus on policies, technologies, markets and financing

Energy Efficiency Policy Conference

New EU Policies: Electrification Action Plan, Affordable Energy Action Plan, Grids Package, EU funding • Energy security • Local and regional action • Flexibility and storage • Finance

Industrial Energy Transition Conference

EU policies for a competitive industry: Clean Industrial Deal, Industrial Accelerator Act • Electrification, energy flexibility and storage • Hydrogen, energy efficiency, PV, CCUS, process heat • Industrial case studies

Smart E-Mobility Conference

EV policies and markets • Vehicle, battery and charging innovations • Fleet electrification • Grid integration, bidirectional charging and flexibility • EV-ready regions and cities

Workshop One-Stop Shops (OSS)

OSS on building renovation, Energy Communities, SMEs & other topics • EU policies • Business models & financing • Upskilling • OSS marketplace • OSS coaching

Young Energy Researchers Conference

Presenting the work of young energy researchers • Best Young Energy Researcher Award

Poster Presentation

Displaying energy projects, innovations and EU project results to international experts

Tradeshow

Leading tradeshow (Energiesparmesse) on energy and buildings • Austrian & international companies present product innovations • 2026: 82,000 visitors

Who will benefit?

The entire
energy
transition
world!

- **businesses** across the whole value chain of the energy transition: energy companies, technology and equipment companies, service providers, planners, developers, financing community, etc.
- the energy transition **research** community
- **public sector** representatives (e.g. EU institutions, national, regional and local governments, energy agencies)
- **over 650 experts each year from over 60 countries!**

Call for Papers • Call Young Energy Researchers • Propose a speaker

You are warmly invited to get involved in the programme:

- energy transition, climate neutrality, energy security, affordability, flexibility
- energy efficiency, renewable energy
- solutions for buildings, industry, e-mobility
- sustainable energy research, technologies, programmes, markets and policies, communication
- products, services, business models, Energy Communities

More Information: www.wsed.at/call

Deadline:
9 October
2026

Upper Austria – a leader in the clean energy transition

Upper Austria, one of Austria's nine regions, is a leader in the clean energy transition, making the region an ideal location for this conference. Through significant increases in energy efficiency and renewable energy, greenhouse gas emissions from buildings were reduced by 55 % in the last 15 years. Over 71 % of all space heating and 37 % of the primary energy in Upper Austria already come from renewables. Over 4.7 billion Euro are invested annually in the energy transition.

With the World Sustainable Energy Days, Upper Austria – a leader in the energy transition – is the meeting place for sustainable energy. Europe has set itself the ambitious target of becoming the first climate-neutral continent. We present and discuss solutions to practically implement the energy transition quickly. With energy efficiency and renewable energy, we will ensure competitiveness and decrease energy costs!

Markus Achleitner, Regional Minister for Economy and Energy, Upper Austria

CONFERENCE INFORMATION

Date:
2 - 5 March
2027

Venue:
Stadthalle Wels
Pollheimerstrasse 1
4600 Wels, Austria

Registration:
online at
www.wsed.at

Conference fees

- 430 €** European Energy Efficiency Conference (3 - 5 March)
- 250 €** European Pellet Conference (3 March)
- 385 €** European Energy Efficiency Conference (3 - 5 March)
- 130 €** each of the conferences: Industrial Energy Transition (4 March), E-Mobility (5 March)
- 70 €** each of the conferences: Young Energy Researchers (2 March), One-Stop Shops (3 March), Policy (4 March)

All fees plus 10 % VAT, for student fees see www.wsed.at

Conference languages

English, German (simultaneous interpretation)

How to reach Wels?

- by railway: direct connections from Vienna and Vienna airport, Linz, Salzburg, Munich, etc.
- by car: A1 and A25 motorways
- by air: airports in Linz (17 km from Wels), Vienna (222 km), Salzburg (110 km), Munich (247 km)
