Young Energy Researchers Conference

2 March 2027 | Wels, Austria

- held in the context of the World Sustainable Energy Days
- networking opportunities with researchers and industry experts from all over the world!
- Young researchers and professionals (**born after 1991**) are invited to submit contributions in the fields of **energy efficiency** and **biomass**.
- The 2 best contributions are honoured with the **"Best Young Energy Researcher Award"** (prize money: 1,000 Euro each).
- Organiser covers accommodation and conference costs for selected researchers (up to 4 conference days)!
